

**WORKING  
WARDROBE**

# Giving people a head start

The Working Wardrobe project will donate interview clothing to people looking for work in our communities in South Wales.

This project will give people the confidence and self-belief to take that all-important first step towards a new, meaningful career.

**Because when you're dressed for success, you feel like you can take on the world.**

## How it'll work

Housing association tenants and people engaged with local support services will be able to select, create and keep a 'work suitable' outfit from their local store for free.

Clothing will be accessible across four key hubs: Cardiff, Rhondda Cynon Taff, Caerphilly and Vale of Glamorgan.

## How you can help

Do you have spare work-suitable clothes clogging up your wardrobe? Or are you happy to pick up extra items next time you're shopping?

We're in the process of filling our hubs with enough clothes to kickstart our project and will be collecting donations from different partners of the project. This is where your help comes in.

The clothes must be high-quality, new or gently used professional workwear, that doesn't require any mending.
